My dear Dr. Buarque de Hollanda:

I believe I have just received a letter from you. Unfortunately the letter was mailed without a signature, but inasmuch as it had reference to my letter of June 9th, I have decided that you are the sender.

Needless to say, we are all happy to hear that it will be possible for you to attend the Seventeenth Institute under the Harris Foundation and we hope your stay will be a pleasant one.

We have made a reservation for you for a room in one of our University dormitories, Judson Court, where most of the guests at the Institute will be housed. Judson Court is located at 1005 East 60th Street.

In a few days we shall mail to you a copy of the final printed program and a formal invitation to the opening dinner which is to take place on Monday, July 7th, in the Judson Court dining room.

Very sincerely yours,

Walter H. C. Laves
